For every election, your Chief Inspector will evaluate your work. Your behavior and work performance will determine whether we will assign you to a future election.

This is your notice that a poor evaluation could result in not being appointed to work in future elections.

On a case-by-case basis, we consider giving an Election Inspector a second chance.

Examples of poor behavior/performance:

- ▶ Failing to follow the Chief Inspector's instructions
- ▶ Failing to follow proper election procedures
- ▶ Leaving the voting site without permission of the Chief Inspector
- ▶ Sleeping on the job

Your Chief Inspector has the payroll and Employee Information Sheets.

Roles

General Information

There are three (3) primary positions or roles assumed by Election Inspectors and one (1) additional position during high voter turnout elections:

Election Inspector: Receiver

- ▶ Records appropriate notations on the voter lists
- ▶ Views the acceptable Photo IDs of pre-registered voters
- ▶ Issues ballots and voter numbers (on pink slips) to pre-registered and Election Day registered voters
- ▶ Instructs voters regarding pink slips, two-sided ballots (if applicable), etc.
- ▶ Works closely with the other Receiver to ensure complete accuracy and the maintenance of the Ward's two (2) identical voter lists
- ▶ Assists Chief Inspector as assigned

Two (2) IDENTICAL lists of the registered voters in each Ward – known as “poll books” or “voter list” are included in the Ward table supplies

- Two (2) Receivers are assigned to each Ward table and each receives one (1) of the registered poll books
- Receivers are responsible for greeting registered voters, locating names and addresses on the poll book, assigning sequential voter numbers and issuing ballots
- **Receivers must work together to reconcile their poll books throughout Election Day as time allows**
- **There must ALWAYS be two (2) election Receivers at each Ward table whenever a voter is being issued a ballot**
- **The information recorded on each poll book by each Receiver must be identical**

Election Inspector: Registrar

Every person must be registered before voting in an election.

Wisconsin law allows a person to register prior to an election or they may register on Election Day.

A Registrar works with individuals who are registering to vote on Election Day.

The duties of a Registrar are as follows:

- ▶ Confirm the voter is at the correct site.
- ▶ Facilitate the voter registration process, including communicating important and accurate information to the person registering.
- ▶ Check the voter's Proof of Residence (POR) document and Photo ID
- ▶ Issue voter numbers and ballots to newly registered voters in communication with Receivers
- ▶ Maintain a list of all completed voter registration applications and secure the voter's signature next to each entry on the list
- ▶ Assist the Chief Inspector as assigned

Staffing: Most voting sites designate one Registrar per site during smaller elections and one (1) or more per Ward during elections with high voter turnout.

Roles

General Information

Election Inspector: Machine Attendant

Every voting site should have a poll worker assigned to monitor activities at the DS200 voting machine.

Machine Attendants should stand or sit approximately 4 feet away from the front of the voting machine in order to allow voters to insert their ballot into the DS200 privately and without assistance (unless requested).

Do not sit or stand next to the machine.

NOTE: Ballots may be inserted top or bottom first and either side up.

In addition to monitoring DS200 activities, Machine Attendants should:

- ▶ Collect the voter-number pink slip voter numbers and ballot privacy folders from voters submitting their ballots (all voter numbers, except for the last voter number, can be discarded)
- ▶ Maintain a tally of all rejected/spoiled ballots and report this number to the Chief Inspector for purposes of recording on the GAB-104
- ▶ Distribute “I VOTED” stickers
- ▶ Assist voters whose ballots were rejected by the DS200 voting machine by notifying the Chief Inspector
- ▶ Periodically check the voting booths, remove discarded materials, and replenish voting pens as needed

Election Inspector: Greeter

The Greeter position is assigned only during elections where there is an anticipated high voter turnout, e.g., a gubernatorial or presidential election.

- ▶ Helps voters determine their Ward and correct voting site
- ▶ Directs voters to the proper table at the voting site
- ▶ Advises voters about the Photo ID or Proof of Residence requirement
- ▶ Answers questions about acceptable Proof of Residence or Photo ID documents
- ▶ Answers general questions about the voting process or directs questions to the Chief Inspector
- ▶ Assists Receivers with curbside voters
- ▶ Helps maintain clear pathways for voters to enter and move through the voting process in an orderly fashion
- ▶ Assists Chief Inspector as assigned

Roles

General Information

Election Inspector: Bilingual Language Assistant

Bilingual Election Inspectors must be readily available to help voters who need language assistance.

Therefore, an Election Inspector or Chief must be prepared to take over a Bilingual Election Inspector's assigned tasks so he or she can provide language assistance to a voter with limited English proficiency (LEP) who needs assistance.

Language Assistance and the City of Milwaukee

⇒ Since 2012, the City of Milwaukee has been subject to Section 203 of the federal Voting Rights Act (VRA), which requires the City to provide language assistance to Spanish-speaking voters with limited English proficiency (LEP). This means that citywide the City must provide Election Day materials in both English and Spanish. It also means that the City must place fluently bilingual workers at certain voting sites to help voters who need assistance in Spanish.

⇒ While the City's federal requirement is to provide assistance in Spanish, the City makes every effort to provide Election Inspectors who are bilingual in other languages to voting sites where there is a *bona fide* need.

- ▶ Performs the same duties as any Election Inspector
- ▶ Directs voters to the proper table at the voting site
- ▶ Assists voters with limited English proficiency (LEP) in the voter's primary language
- ▶ Assists LEP voters at any step in the voting process; a voter may need a little help or help with the entire process

Chief Inspector

A well-organized and efficient voting site is a result of good management and teamwork. As the Chief Inspector, you are the manager of the voting site and how you manage the Election Inspectors at your site will determine how well they will work together as a team.

Here is some advice that can help you encourage your Election Inspectors to return to work whenever there is an election, to do their best work, and to work together:

- ▶ **Exercise good communication skills**

Communicate clearly and correctly when assigning tasks or giving deadlines; listen and address the concerns of Election Inspectors; share important information.

- ▶ **Be considerate**

Remember to say “please” and “thank you;” show respect to all Election Inspectors.

- ▶ **Be fair**

Showing favoritism hurts teamwork. On Election Day, you want all Election Inspectors to do their best and work together.

- ▶ **Feedback**

Give praise to deserving Election Inspectors and constructive feedback to Election Inspectors who may need more training. Election Inspectors should know truthfully from you whether they are doing a good job or not.

- ▶ **Criticize constructively**

Everyone makes mistakes; try to understand the reasons for the error and demonstrate the right way to do things. Refrain from scolding someone in front of other Election Inspectors; give honest and constructive feedback.

Chief Inspector

It is the policy of the Election Commission to provide a work environment that is free from harassment or unlawful discrimination including, but not limited to, discrimination on the basis of age, race, national origin, disability, religion, and sexual orientation.

As Chief Inspector, you should refrain from using any language or behavior that may be construed as harassing or discriminatory. Additionally, if any Election Inspector behaves in a harassing or discriminatory manner towards anyone, you must:

- ▶ Bring to the Election Inspector's attention, his/her inappropriate behavior
- ▶ Give him/her an opportunity to correct his/her behavior
- ▶ If the inappropriate behavior continues, report him/her to the Election Commission, i.e., note the incident(s) on the back of the Payroll Data Sheet

Chief Inspector

At the completion of training and prior to Election Day, every Chief Inspector should be able to understand the following:

- ☐ The concept of a “voting site” and “Ward,” and the assignment of voters to Wards at voting sites based on residential addresses.
- ☐ A familiarity with the different types of elections and ballots, including the non-partisan February Primary, the non-partisan April Election and Presidential Preference, the Fall Partisan Primary, and the November General Election.
- ☐ An overall understanding of how a voting room is set up and functions, including:
 - ◆ Familiarity with a Ward table includes poll books (lists of registered voters), voter numbers, and issuing ballots.
 - ◆ Voter registration, including the steps necessary to complete an Election Day Registration Application and register a voter.
 - ◆ The operations of a voting machine (DS200).
- ☐ Understanding the roles and responsibilities of Election Inspectors as they relate to Ward tables, voter registration, and the voting machine. Assigning and supervising accordingly.
- ☐ Opening and operating a voting site, including starting the DS200 and the AutoMARK.
- ☐ Understanding the concept of reconciling the number of voters at a site to the number of ballots inserted into a voting machine, or voters = voter numbers = ballots.
- ☐ Completing all election forms, with particular attention to the GAB-104 Chief Inspector’s Statement, the Election Day Reconciliation Report, and the Closing Checklist.
- ☐ Maintain control of unused, official, and voted ballots at all times, including addressing rejected ballots and ballots that must be reconstructed.
- ☐ Issuing a Provisional Ballot and responding to a voter challenge (prior to large elections).
- ☐ Ensuring accessibility at your voting site, including facilitating a curb-side vote.
- ☐ Maintaining order at your voting site, including managing observers.
- ☐ Closing a voting site, including payroll, repacking the voting machine, and delivering all required items to your assigned drop-off site

Chief Inspector

Establish Election Worker Payroll

Most of the names of the Election Inspectors reporting to your voting site will appear on the “Election Worker Payroll Data” (Payroll) sheet. The Chief Inspector should record the arrival time and departure time for each Inspector. It is particularly important to note if an Election Inspector reports late or leaves early.

Election Inspectors are REQUIRED to arrive at your designated voting site by 6:30 a.m. (6:00 a.m. for high turnout elections). Election Inspectors normally have approximately 30 minutes (from 6:30 a.m. until 7:00 a.m.) to complete set-up of a voting site (also known as a “polling place”) on Election Day.

The Chief Inspector is responsible for supervising Election Inspectors, following all voting site policies and procedures (quality assurance), completing all opening and closing procedures, and maintaining ballot control. As Chief Inspector, you should provide clear and concise direction to your Election Inspectors and provide everyone with assignments.

You should begin your day by introducing yourself to the Election Inspectors and confirming:

- ☐ Their name appears on the Payroll sheet.
- ☐ The hours they will be working.
- ▶ Have the inspectors review the Payroll sheet for accuracy in their address, scheduled shift, and contact information.
- ▶ If changes are needed, have the Inspector complete a “Employee Information Sheet” and attach it to the Payroll sheet .
- ▶ For Election Inspectors Hired on Election Day Only: They must complete an “Employee Information Sheet” and provide their Social Security card or receipt from the Social Security Administration to you, the Chief Inspector. Please make a photocopy of it, if available.
Otherwise verify it for accuracy and instruct the Inspector to bring it to the Election Commission no later than 2 days after the election.

Chief Inspector

Assign Election Inspectors

Every voting site must have two (2) receivers on duty at a Ward table at all times and one (1) Machine Attendant. The remaining Election Inspectors should be assigned as Registrars or as Runners (securing voter numbers and ballots for the Registrars) or as Greeters.

All Election Inspectors must have the skill and knowledge to work in any of the three positions on Election Day. Chief Inspectors should rotate the Election Inspectors throughout the day. Election Inspectors CANNOT refuse to rotate into other positions.

Election Inspectors should receive two (2) half-hour meal breaks when working a full shift or one (1) half-hour break if working a half shift during the Election Day. Break time should be scheduled in advance to avoid overlap.

Once assigned, administer the Election Inspector Official Oath, including obtaining all Election Inspector signatures on the form.

Receiver:

- Checks in pre-registered voters, assigns voter numbers, and issues ballots.

Registrar:

- Conducts Election Day voter registration, secures voter numbers, and issues ballots

Machine Attendant:

- Monitors the acceptance or rejection of ballots inserted into the DS200 voting machine, accepts pink slip voter numbers, and issues "I Voted" stickers.

Greeter (only during high voter turnout elections):

- Directs voters to the appropriate table within the voting area, provides information about acceptable Proof of Residence and Photo ID, and generally helps to maintain order at the voting site.

Accessibility At The Voting Site

General Information

Recognizing and eliminating barriers when participating in the voting process should be a key priority to all election workers. This is particularly important to voters with disabilities. The City of Milwaukee Election Commission is dedicated to ensuring that voting sites are fully accessible to persons with a disability, including those in wheelchairs.

Every voting site has a piece of voting equipment called the AutoMARK. The AutoMARK allows most people with a disability the opportunity to vote privately and independently (without assistance or observation, unless requested).

All voters deserve courteous attention when exercising their right as citizens to vote. A person with a disability has the same right to vote at their voting site (instead of voting an absentee ballot) as any other voter.

Many Election Inspectors may have had little interaction with people with disabilities. Please practice the following common courtesies:

Positive Attitude

- ▶ Provide unhurried attention to a person who has difficulty speaking or understanding a process.
 - Be considerate of the extra time it may take for a person with a disability or an elderly person to complete procedures.
- ▶ Greet a person who is visually impaired by letting the person know who and where you are.
- ▶ Speak clearly to the person who has a disability rather than just speaking to a companion who may be accompanying him or her.
- ▶ Speak calmly, slowly, and directly to a person who is hearing impaired.
 - Your facial expressions, gestures, and body movements help in understanding.
 - Don't shout or speak in the person's ear.
 - If full understanding is doubtful, try writing on paper and allow the person to read it.
 - If asked to speak louder or closer to the person – please do so.

Accessibility At The Voting Site

General Information

Offer and/or Allow Assistance

- ▶ Voters with disabilities may be accompanied and receive assistance by another person in the voting room.
- ▶ Do not be reluctant to ASK a disabled voter if they would like assistance during any part of the voting process, including instructions on use of the AutoMARK.
- ▶ Before pushing someone in a wheelchair, ask if you may do so and how you should proceed.
- ▶ When offering walking assistance, allow the person to take your arm and tell him or her if you are approaching steps or inclines or are turning.
- ▶ Offer a person waiting in line the opportunity to sit in a chair. Make sure you have a plan in place that would allow a person resting in a chair to re-enter the line when it is their turn (e.g. ask the person behind them to “save their place”).

NOTE: Service animals that assist people with disabilities must be admitted into all buildings.

Be Comfortable and Competent with AutoMARK

- ▶ Make sure the AutoMARK is set-up and turned on BEFORE the polls open
- ▶ Be familiar with the purpose of the AutoMARK
 - It is a ballot marker, not a tabulator (voting machine)
 - It allows ANY person (including a person with a disability) the opportunity to mark their ballot privately and independently
 - Once marked, the ballot is ejected and must then be inserted into the DS200 voting machine
- ▶ Promote use of the AutoMARK as an opportunity for ALL VOTERS. Do not limit use of the machine to people with disabilities
- ▶ Do not appear inconvenienced if a voter chooses to use the AutoMARK or requires instruction
- ▶ IMMEDIATELY contact the Election Commission if the AutoMARK is not functioning properly
- ▶ Set up the AutoMARK near the voting booths and make sure the *screen is positioned away from the public*. Voting should be private for ALL voters
- ▶ *The AutoMARK may be used by any voter* and is particularly designed for voters with hearing or visual impairments. Comfort in the use of the AutoMARK starts with the Election Inspector

Practice voting using the AutoMARK to mark your ballot. (You can tear your ballot in half afterwards as a “spoiled ballot.”)

Role play and practice explaining how the AutoMARK works to other Election Inspectors.

Voting Day Accessibility Checklists

General Information

The purpose of these checklists, as provided courtesy of Disability Rights Wisconsin, is to allow you, the Election Inspector, to quickly assess whether or not your polling site has barriers for people with disabilities on Election Day. If you identify barriers, you should inform the Chief Inspector and the Milwaukee Election Commission so the barrier can be addressed as soon as possible. Many barriers can be easily corrected on Election Day.

Maintaining Order at the Voting Site

General Information

Election Inspectors are responsible for maintaining an environment at the polling site that allows voters to cast their ballots without disruption. Election Inspectors must also ensure that the voting process is transparent and open to the public.

Election Observers

Observers are individuals who wish to exercise their right to be present at the polling site on Election Day.

- One of the primary objectives of observers is to keep track of voters so that they can determine that supporters of their candidate or issue have made it to the polls on Election Day.
- Additionally, members of the public may simply be interested in observing the conduct of the election.
- Anyone, other than a candidate up for election (appearing on the ballot), has the right to be present at the polling site to observe the conduct of the election.
- There is no requirement for observers to obtain a permit.

NOTE: All observers must first register with the Chief Inspector upon entering the voting site.

Observers with concerns or questions about activities at the voting site must speak only with the Chief Inspector. Election Inspectors must not answer questions or provide information to observers.

Observer Area

A designated observation area at the polling site should permit observers to hear instructions and to readily observe all public aspects of the voting process.

1. An observation area should always be established when setting up the polling site on Election Day.
 - ⇒ These areas can be marked off with the green masking tape that is included in the polling place supplies.
 - ⇒ This area must be within three (3) to eight (8) feet of the receiver table and the registration table.
2. Observers may be placed behind the Receivers handling the voter lists or they may be placed to the side of the Election Inspectors.
3. If space is limited the Chief Inspector has the authority to limit the number of people representing the same organization in the observation area.

Maintaining Order at the Voting Site

General Information

Conduct of Observers

While observers are present at the voting site, they are prohibited from electioneering or interfering with the orderly conduct of the election.

The Chief Inspector may order the removal of any individual who disrupts the operation of the polling site or attempts to influence voters.

The Chief Inspector or a designated Election Inspector may contact a law enforcement officer for assistance, if necessary, by calling the Milwaukee Police Department's non-emergency number **414-933-4444**.

- ▶ Observers may examine the poll books so long as they do not interfere with any Election Inspector responsibilities, but they must remain under the control of the Election Inspectors at all times. The poll books may not be handed to the observers
- ▶ The Chief Inspector can determine whether it is an appropriate time to allow an observer to examine the poll books. If voters are standing in line to have their names recorded and receive a ballot, it would not be an appropriate time to allow observers to view the poll books
- ▶ All observers, regardless of affiliation, should be accorded the same treatment with respect to examining the poll books
- ▶ Election observers **NEVER** have the right to view the confidential portion of the poll book nor can they view Voter Registration Applications
- ▶ They may view the List of Election Day Registrants

Maintaining Order at the Voting Site

General Information

Electioneering

Electioneering is any activity intended to influence voting at an election. Electioneering is prohibited on public property within 100 feet of any entrance to a building containing a polling site. This does not apply to private property.

Some circumstances to consider:

1. *Vehicles*

- a. There is an exception for election-related bumper stickers on vehicles parked within 100 feet of an entrance to a polling site for the length of time it takes for the occupants to vote.
- b. Employees who work in the building containing the polling site may have stickers on their cars, but if complaints are made, the employee should be asked to move his or her vehicle.
- c. If it appears that the primary purpose of parking a vehicle within 100 feet of an entrance to a polling site is to influence voting, the Chief Inspector should contact the Election Commission or a law enforcement officer.

2. *Election Materials*

- a. Campaign signs or flyers may not be posted or distributed within the polling site or within 100 feet of any entrance to a polling place.
- b. This prohibition does not apply to electioneering on private property within 100 feet of an entrance to a polling site. The placement of election signs on private property within the 100-foot radius is permissible.

3. *Solicitations or individuals randomly asking voters if they need assistance*

- a. Solicitation, or a person randomly asking a voter if they need assistance, is not allowed at the polling site as this can interfere with the orderly conduct of the election.

4. *Members of the Media*

- a. Members of the media may be present at the polling site but cannot interfere with voters waiting in line to cast their ballots.
- b. Contact with voters in the voting area should be limited.
- c. Media should conduct the majority of their activities outside the room where voting is being conducted.
- d. Interviews should be held outside the polling site to ensure doors and entrances are not blocked and the voting process is not disrupted.
- e. It is the responsibility of the Chief Inspector to deal directly with any media person who is harassing voters entering or leaving the polls.

5. *Exit Polls*

- a. Exit polls are permitted by Wisconsin law but must not interfere with the orderly conduct of the election.
- b. Exit polls should be conducted outside of the polling site.
- c. Voters who complain about exit polls should be informed they need not participate.

Chief Inspectors are authorized to remove anyone from the voting site who interferes with or distracts from those voting at the election. A law enforcement officer may also remove from the voting area any person refusing to obey such directive.

Chief Inspectors shall record any incidents involving observers, electioneering, or exit polling on the GAB- 104.

Ballot Control

General Information

It is important for Election Inspectors on Election Day to:

- Never maintain a supply of more than 50 ballots on each Ward table
- Surplus ballots should be kept in a safe and secure place away from public contact and only be distributed by the Chief Inspector
- Remember, two (2) Election Inspectors must initial each ballot prior to issuing it to a voter.
 - ◊ Up to 10 ballots may be pre-initialed with one (1) election worker's initials.
- Provide the correct ballot (respective Ward) to the voter.
 - * Be particularly careful to check the Ward number when issuing:
 - A ballot to an Election Day Registration
 - A voter with a rejected ballot
 - ⇒ **A voter from an incorrect Ward is the most common error at sites with multiple Wards.**
- Allow a voter to mark a ballot privately and independently
- Every voter receives a maximum of three (3) attempts to vote or three (3) ballots.
 - * Inform the voter of this law when issuing the third ballot. Enlist the Chief Inspector's assistance.
- In the event of an evacuation of a voting site (due to fire drill, fire, or other emergency) – and if time and safety allow - assist the Chief Inspector in securing all unvoted ballots and the poll books inside the voting machine.

Maintaining Accuracy

The last voter number (pink slip) issued at the end of an Election Day **MUST** equal the number of ballots accepted by the DS200 (total ballots cast for each Ward).

Receivers play a key role in this process. Check your work by reconciling at every opportunity to avoid any errors or discrepancies when closing at the end of the night.

Reconciliation of Poll Books

Two (2) Receivers are assigned to each Ward table for the purpose of cross checking each other's work and avoiding errors.

Receivers must:

- Compare information by communicating with each other
- Assist each other whenever possible
(call out the page number when a voter's name is located in the poll book)
- Reconcile the two voter poll books throughout the day
 - ▶ Every two or three hours complete a page-by-page comparison of:
 - Names
 - Assigned voter numbers
 - Notations
 - * Make a mark such as a dot [•] in the outer margin by the voter names that have been compared so that future reviews require attention to new voters only

Begin your day by introducing yourself to the Chief Inspector and confirming:

- ▶ Your name as it appears on the payroll data form
 - ⇒ If changes are needed, complete the “Employee Information Sheet” (get sheet from the Chief Inspector)
 - ⇒ *For Election Inspectors Hired on Election Day Only:*
 - * You must complete an “Employee Information Sheet” and provide your Social Security card or receipt from the Social Security Administration to your Chief Inspector or later to the Election Commission

QUESTION I have a 2004 Dodge Durango with 100,000 miles. The engine is running fine, but the transmission is slipping. The car is in good condition, and the transmission fluid is clean. What could be the problem?

ANSWER The most common cause of transmission slipping is a worn or damaged clutch. The clutch is responsible for engaging and disengaging the transmission. If the clutch is worn, it will not be able to hold the gears in place, causing the transmission to slip. Other possible causes include a worn or damaged transmission, a low fluid level, or a problem with the throttle cable. It is important to have the clutch and transmission inspected by a qualified mechanic to determine the exact cause of the problem and to recommend the appropriate repair.

QUESTION I have a 2004 Dodge Durango with 100,000 miles. The engine is running fine, but the transmission is slipping. The car is in good condition, and the transmission fluid is clean. What could be the problem?

- However, do not allow voters to insert ballots until the polls open at 7:00 a.m.
- Nothing will print on the tape beyond the opening and closing reports
- Rejected ballot messages will not appear on the tape, but will instead appear on the monitor
- The message will disappear from the monitor as soon as the rejected ballot is removed
- Do not remove the ballot until the message has been read and communicated to the voter
- There is no sound or printed message on the tape when a ballot is accepted
- However, the “public count” number on the monitor does advance
- There are only two (2) bins in the DS200 ballot compartment
 - The first is the main ballot bin and the second is the auxiliary ballot bin (to be used whenever the machine is not operable)
 - Write-in ballots will no longer be routed to a write-in ballot compartment
Instead, they will flow to the main ballot bin
Write-in ballots only need to be tallied when there is a registered write-in candidate
- Use the “public count” number that is always at the top of the screen (when ballots are being accepted) when confirming that the voter number is equal to the number of ballots accepted
- Always disregard the “Protected Count” number

Curbside Voter

Election Inspector: Receiver

Curbside Voter

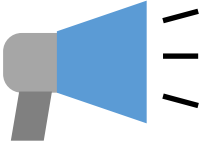

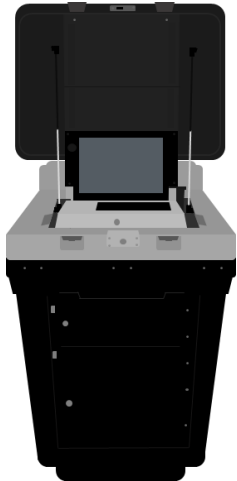

Milwaukee's voting sites are now fully accessible to persons with disabilities, however, some disabled voters may still choose to participate in a curbside voting process.

"Curbside Voting" is the term used to describe the practice of delivering a ballot to an individual's vehicle for voting purposes. You may be notified that the voter is making this request because:

- Someone accompanying the voter has entered your voting site
- The Chief Inspector receives a call from the Election Commission (the number to call for a curbside vote should be posted on your site's "VOTE HERE" sign)
- Election Inspectors should periodically check outside of the building to determine if anyone is waiting for a curbside vote.

Follow the steps on this checklist to check in a **Curbside Voter**

Challenged Voter Information

Election Inspector: Receiver

Challenged Voter

A challenge is brought by any qualified elector of the state including an Election Inspector.

The challenge is determined to be reasonable as outlined on the Challenge Documentation of the Inspectors' Statement (GAB-104c)

Reasons for a challenge may include:

- Not a citizen of the US
- Not at least 18 years old
- Has not resided in the election district for at least 28 consecutive days
- Has a felony conviction and has not been to restored civil rights
- Has been adjudicated incompetent
- Voted previously in the same election
- Claims to have a disability that prevents them from signing the poll book (Election Inspectors disagree)
- Municipal clerk has instructed the Election Inspectors to challenge because the clerk does not believe the person requesting a replacement ballot is the original voter

All challenges should be made with reasonable and appropriate support

Important Information

-  Person registering to vote is not currently serving a sentence, including probation, parole, or extended supervision, for a felony conviction
-  Person registering to vote has lived at their address for at least 28 consecutive days before the election with no present intent to move
-  Person registering to vote is not otherwise disqualified from voting
-  Has not already voted in this election, including by absentee ballot

Important Information

- * In order to register to vote, an individual must complete all required sections of the Wisconsin Voter Registration Application and provide Proof of Residence
- The Help America Vote Act of 2002 and Wisconsin law require that individuals provide certain information when registering to vote:
 - ▶ A voter, who has been issued a current (not expired) and valid (not revoked or suspended) WISCONSIN driver's license (WDL) OR WI Department of Transportation (DOT) issued ID, must provide their WDL or DOT ID number and the expiration date on the voter registration application
 - * The voter does not have to show the Registrar the driver's license in order to complete this section of the form, but does need to show the Registrar if they are using the driver's license as Proof of Residence
 - ▶ If an individual has a current and valid WISCONSIN driver's license or DOT issued ID, but cannot provide the number (i.e., forgot to bring it and does not know the number), he or she may call the Wisconsin Department of Transportation (available between 7:30 a.m. and 5:00 p.m.) at 608-266-2353. (Once connected, the caller should listen for the start of the menu of options and select "4." The caller will then hear a second menu of options and again select "4" and "4" once more.)
 - * The voter may attempt to reach the DOT while at the polling site. The voter should step outside while making this call so as not to interrupt the registration process
 - * If they cannot or will not provide the DL number, they can register and vote a provisional ballot. The provisional ballot will not be counted until the individual provides the license number to an Election Inspector before the polls close, or delivers the information to the Election Commission by 4:00 p.m. the Friday following the election. Only a Chief Inspector may issue a Provisional Ballot.
 - ▶ If a voter identifies or suspects that their WI driver license is revoked, suspended, or expired, or their WI DOT issued ID is expired, the voter must instead provide the last four (4) digits of their Social Security number (SSN). The voter may choose to provide their expired, suspended, or revoked WDL or DOT ID number - in addition to the last four (4) digits of their SSN - but it is not required.
 - ▶ If the individual has never been issued a WI driver's license or state ID card, the voter must record the last four (4) digits of their Social Security number.
 - ▶ If the individual has never been issued a WI driver's license, state ID card, OR a Social Security number, the individual may indicate this on the Voter Registration Application by marking the circle provided for this purpose.
- * Remember, a voter does not need to show his or her driver's license, DOT issued ID, or Social Security card as a condition of registration. However, if the individual wishes to use his or her driver's license as Proof of Residence, then he or she must present the license to the Registrar.

Additional way to find driver license or DOT-ID number and expiration date:

- ▶ If voter has a smart phone and knows their Social Security number, go to WI DOT website (wisconsindot.gov).
- ▶ Click on Online Services
- ▶ Click on Check Status of Your Driver License
- ▶ Click on blue box "Check Driver License Information"

Common Occurrences and Questions with the 28 Day Residency Requirement

The voter is attempting to register at a new address, but moved to that address within 28 days of the election.

- ▶ The voter should return to their previous address voting site, even if the voter was not registered to vote at the previous address.

The voter has moved within 28 days of the election and returns to their former voting site.

- ▶ If registered, allow the voter to cast a ballot, using their voter registration record in the poll book.
- ▶ If the voter is not registered, allow them to register to vote using their previous address (before moving) as their current address on the registration form.
 - * NOTE: the voter must still provide Proof of Residence for their previous address.

The voter's Proof of Residence is dated within 28 days of the election.

- ▶ The 28 day requirement is a residency requirement and is not related to Proof of Residence. A Proof of Residence document cannot be expired, but may have been issued on any date (with the exception of utility bills, which cannot be more than 90 days old).

Exception to 28 day residency requirement in **PRESIDENTIAL ELECTIONS ONLY**

The voter has moved into the State of Wisconsin within the 28 days preceding the election.

- ▶ The Chief Inspector should allow the voter to register and will then issue the voter a Presidential Only Ballot.

Compare the voter's name and date of birth to the *Ineligible Voter List*

August 11, 2020 Fall Primary
ATTENTION REGISTRARS AT
Frances Starns Disc Learning Ctr School
Site #95, DISTRICT 15, WARD 149

ATTACHED IS THE "INELIGIBLE VOTER LIST"
(PERSONS SERVING PROBATION, PAROLE OR EXTENDED
SUPERVISION FOR A FELONY CONVICTION).

REMEMBER:

1. YOU MUST REVIEW THIS LIST EACH TIME A PERSON IS REGISTERING TO VOTE. Do NOT review this list for registered voters.
2. If a person appears to register to vote, and their name appears on the Ineligible Voter List:
 - ✓ If the information is correct, and the person agrees that they are still serving their probation or parole for a felony conviction ("on paper"), then you should:
 - Review the qualifications to vote with them and explain to the voter that they may not vote in this election or until they complete their sentence.
 - ✓ If the information is partially correct, meaning the person was placed on probation or parole for a felony conviction but identifies that they have completed their sentence ("off paper"), the person may still be allowed to vote, but you should:
 - Tell the person they will need to provide proof of completion of their parole or probation (such as a Discharge Certificate) from the Department of Corrections. Provide this person with the *Ineligible Voter Information Sheet* (included in your Chief Inspector envelope documents) which explains this requirement.
 - The person may not vote until they provide the proof of completion.
 - ✓ If the information on the Ineligible Voter List may be incorrect and the person denies they are the same person on the list, you may:
 - Register them to vote.
 - Contact the Chief Inspector to administer a "Challenge," including having the person complete the oath stating that they are not the same person on the list. Once the challenge is complete, the Chief should write the voter number and "Section 6.95" on the person's ballot.
 - Provide the voter with the *Ineligible Voter Information Sheet*.

PLACE THIS LIST BACK INSIDE THE VOTING MACHINE
ONCE THE ELECTION DAY IS COMPLETE.

* If there is a match, inform the voter that their name appears on a list of ineligible voters

⇒ If the voter agrees with the match they cannot vote

⇒ If the voter disagrees with the match, the Chief Inspector should issue a Challenged Voter Ballot

See Page 82 for Challenged Voter Ballots

Rejected Ballots

- Rejected ballot messages will not appear on the monitor, not the tape

- Do not remove the ballot until the message has been read and communicated to voter

Reasons for a rejected ballot:

- Overvoted
- Damaged
- Blank
- Other

State law specifically requires all OVERVOTED or otherwise defective ballots to be either spoiled by the voter and to have the voter vote a new ballot or the ballot must be reconstructed.

Chief Inspectors no longer have the option to “override the ballot” on the voting machine, unless the voter wishes to vote a blank ballot.

Closing Procedure

Closing a voting site requires the leadership of the Chief Inspector and the full participation of ALL Election Inspectors.

As required by Wisconsin election law, Election Inspectors cannot leave until the site closing procedures are complete. (This law exists to protect the integrity of the election by ensuring that all election workers are present to witness the opening, operations, and closing of a voting site.)

Election Inspectors should not hurry a Chief, but should cooperate and assist whenever possible. Any Election Inspector who leaves early or does not assist with closing procedures will be docked pay or terminated as an election worker.

The polls close at every voting site in the City of Milwaukee at 8:00 P.M.

- Any person standing in line at 8:00 P.M. is still allowed to vote
 - ▶ However, no one is allowed to enter a line after 8:00 P.M.
(An Election Inspector should stand at the end of the line to prohibit anyone arriving after 8:00 P.M. from entering the line)
- **ALL VOTING SITES MUST REMAIN OPEN TO THE PUBLIC UNTIL POLL CLOSING PROCEDURES ARE COMPLETED**

At 8:00 PM

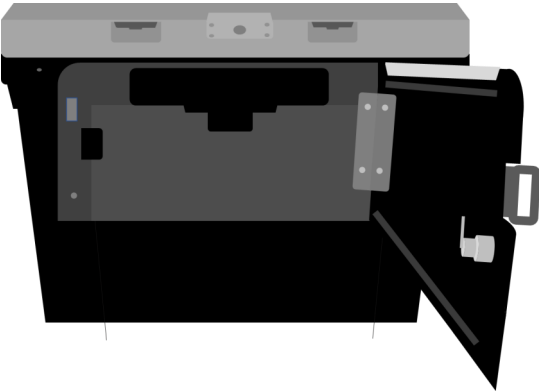

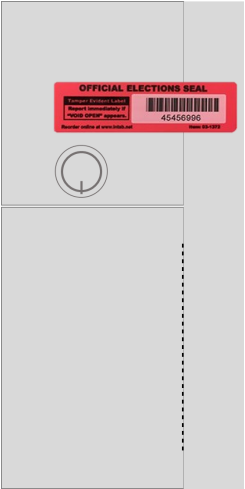

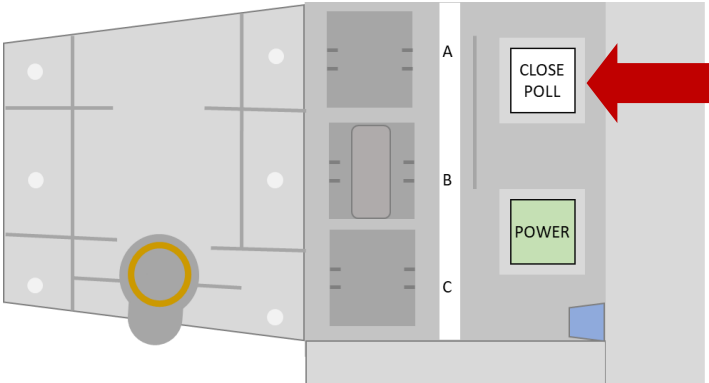

Publicly announce:

“Hear Ye, Here Ye,

The Polls Are Now Closed.”

Write-in Votes

**The write-in votes must be submitted for every ward*

- **Tally only *registered* write-in votes** on the Write-In Tally Sheet
See page 181
- The Election Commission will provide a list of any registered write-on candidates for the ward with the following information:
 - ▶ Office/contest titles are pre-printed on the form for every election
 - ▶ There are no “party designations” in the spring election cycle
 - ▶ Write the name of the candidate as written on the ballot for each contest
 - * Use hash-marks to tally multiple votes for the same candidate in the same contest
 - * Record “blank” if the write-in arrow was connected, but no candidate name was recorded
 - ▶ Total the number of hash-marks for each candidate in each contest
 - ▶ Secure all necessary signatures, including the Chief Inspector’s, at the bottom of the form

Note:

Situations where a voter has:

- Voted for a candidate written on the ballot (by completing the oval), but has also written a candidate name into the same contest
 - ▶ The write-in vote should be recorded on the Write-In Tally Sheet and the incident, including the name of the voted printed candidate, should be recorded on the GAB-104
- Selected “Straight Party” or a political party under “Party Preference” and has also written a candidate name into one of the contests
 - ▶ The write-in vote should be recorded on the Write-In Tally Sheet and the incident, including the name of the marked printed candidate, should be recorded on the GAB-104

Write-in Votes

Following are several examples of when and when not to count write-in votes.

Election Inspectors must also remember that all write-in votes cast for any person at the election must be listed on the tally sheet, regardless of whether or not the person is a registered write-in candidate.

The examples of when and when not to count write-in votes follow in the next pages, but are not limited to, general situations for all elections. In addition to these situations, there are special considerations when counting write-in votes at the general election and at a partisan primary.

Circumstance	Tallying
One or more candidates listed on the ballot for an office in a given party	Tally votes only for registered write-in candidates.
One or more candidates on the ballot for an office in a given party, but one or more	Tally all write-in votes.
No candidates on the ballot for an office in a given party	Tally all write-in votes.

Count Write-in Votes When:

1. The name of the person is misspelled, abbreviated (including only the last name), or contains a wrong initial or an initial is omitted but the intent of the voter can be reasonably determined.
2. An "X" or other mark is omitted. An "X" or any other mark is not required in order to cast a write-in vote.
3. A sticker contains only the name of a person and is placed on a ballot. The vote is counted for the person named for the office listed in the space where the sticker is placed.
4. A sticker contains only the name of a person and is placed in the margin. Voter intent must be determined. If the person named on the sticker has filed a campaign registration statement indicating the office sought, the vote should be counted for the person named on the sticker for the office.
5. A sticker contains the name and the office the person is seeking and is placed on the face of the ballot other than in a particular office space. This vote is counted for the person for the office listed on the sticker.
6. A sticker containing the name of a candidate and the office sought is placed under a different office than the one indicated on the sticker. The vote counts for the person named on the sticker for the office under which the sticker is placed.
7. The instructions to voters are "Vote for one (1)," and the voter makes an "X" or other mark in the box next to a name that is printed on the ballot and also writes in another person's name for the same office. Only the write-in vote is counted. *This is not an overvoted ballot.*
8. The instructions to voters are "Vote for not more than two", and the voter makes an "X" or other mark in the box next to two names that are printed on the ballot and also writes in another person's name. Only the write-in vote is counted. *This is not an overvoted ballot.*
9. In a nonpartisan election (February or April), a candidate's name is printed on the ballot for an office and the voter writes in that candidate for another office. The vote is counted for the office where the write-in occurs.
10. The name of a person, who has filed a campaign registration statement indicating the office sought, is written in under an office other than the one indicated on the campaign registration statement. The vote counts for the person for the office where the name is written.

DO NOT Count Write-in Votes When:

1. A name is misspelled or abbreviated and the intent of the voter cannot be reasonably determined.
2. A write-in sticker is placed on the endorsement (back) side of the ballot.
3. A write-in sticker is found in the ballot box and is not attached to any ballot.
4. The instructions on the ballot are "Vote for one" and the name of more than one person has been written in for a single office. This is an over-vote and no votes are counted for that office.
5. The instructions on the ballot are "Vote for one" and the name of more than one person has been written in and a vote has also been cast for a candidate whose name is printed on the ballot for the same office. This is an over-vote and no votes are counted for that office.
6. In the general election (November), when a candidate's name is printed on the ballot for an office and the voter writes in that candidate's name for a different office.
